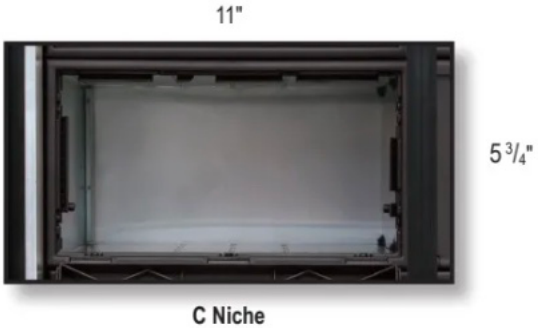
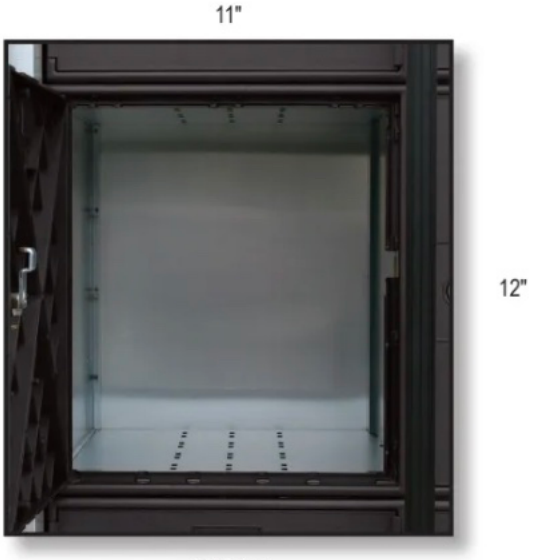
Proposed Columbarium

The Columbarium will include niches of 2 sizes: Niche **Class C** is 11” x 5-3/4” providing space for 2 inurnments and **Class D** which is 11” x 12”, will accommodate 4 inurnments. Compartments all include an inside numbered nameplate and secure keyed lock. The outside of the niche provides for an engraved nameplate to commemorate the individuals name, date of birth and date of death. All niches are surrounded with beautiful granite tiles as seen above.



C Niche



D Niche

The proposed site for the Columbarium is in our current Prayer and Meditation Garden.

Advantages of Cremation and Columbaria

- **1. Cost Efficient:** More economical than a standard ground burial. No casket is required and the preparation costs are usually lower. Each customer gets the highest possible quality at an incredible price.
- **2. Eco-Friendly:** There are fewer embalming chemicals in the cremation process and less ground space is used.
- **. Efficient Land Use and Space:** Columbaria use much less land. You can have 96 cremation urns in the same plot as two burial plots.
- **4. Family Niches for Generations:** Interring remains from the cremation in a family niche will provide a permanent resting place where family members and loved ones can remember and visit the deceased.
- **5. Simple Process:** Fewer decisions need to be made by loved ones and there are no concerns about the weather. Perform ceremonies any time of the year without worrying about unfavorable conditions.
- **6. Concealed Locking Hardware System:** he locking system is carefully manufactured to create a sealed environment for the interior niche compartments.
- **7. Provides a Service to Your Members:** Columbaria can contribute to an inviting landscape with a peaceful setting that creates a powerful impact on anyone visiting the area.
- **8. Encourages Member Engagement:** Most members look for ways they can contribute. Whether it's during the planning process or yearly memorial activities.
- **9. Attracts New Members:** Our columbaria feature attractive features and high visibility, creating a peaceful environment for loved ones of the deceased as well as other visitors.
- **10. Develop a Sense Of Community:** A final resting place will allow loved ones to frequently visit the memorials. Memorial gardens can create a quiet area and create a place for contemplation.
- **11. Creates Another Source of Income and Establishes Revenue:** Columbaria can create a return on investment, making it an attractive option for religious institutions.

Please contact the church office for Columbarium applications.

Niche costs: $2,000 for class D, $1500 for class C.
